

Exciting NEW Technology from Prime Source®

Foam Soap Dispensing Systems

Modern Design, Advanced Technology

New Prime Source® foam soap dispensing systems add a touch of class to your facility and offer the same quality assortment of mild, non-irritating soaps people love.

The NEW CB8 touch-free system with a coin cell battery integrated into each refill makes maintenance a breeze. Standard push-style and touch-free options also available.

**CB4
Push-Style**

Durable and reliable
push-style systems.
Easy to maintain.

**CB6
Touch-Free**

Touch-free systems built
for reliable performance
and maintenance ease.
Includes 4 C-cell batteries.

**CB8
Touch-Free
Energy-on-the-Refill**

Touch-free dispensers powered
by the refill, plus the ability to
add communication modules.

Prime Source® CB8 Dispensing System

When you choose new Prime Source® CB8 foam soap dispensers, you're getting the most advanced technology available in a touch-free system. Imagine never having to change out batteries because they are included on every refill!

Breakthrough Energy-on-the-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that's integrated into the refill. When you replace the empty refill, you get fresh product and fresh energy in one simple step. Back-up power inside the dispenser provides added assurance of high performance — even with extreme high-frequency use.

Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble, including removal of the battery.

Pull the tab to release the collar from bottle.

Separate the energy source (non-rechargeable lithium metal coin cell battery) from the collar and dispose in accordance with federal, state and local regulations.

Separate the refill pump from the recyclable PET Bottle. Dispose/Recycle the PET bottle.

Prime Source® Thick, Fragrant Foam Soaps

These new systems offer a selection of luxurious foam formulations enriched with moisturizers, natural extracts and skin conditioners. Whether you prefer vivid colors with spa-like fragrances or fragrance- and dye-free options, our portfolio of green-certified soaps delights users and supports a healthy environment.
