Touch-free dispensing		YES	YES
Energy on the refill – touch free and no batteries to change			YES
Optional modules add capability for service alerts and compliance monitoring			YES

Easy to Pair Dispensers with Refills

Labels inside the dispensers match labels on the refill, so it's easy to match the correct dispenser and refill.

Sleek Front Window

Make it easy to see when dispensers need service.

Contemporary Design

Personalize with Your Logo

Add your logo to the dispenser. For large installations we can personalize the entire front of the dispenser. Contact your Excelon distributor for details.

Communication Capability

Optional plug-in modules let you add service alerts or other upgrades as technology evolves.

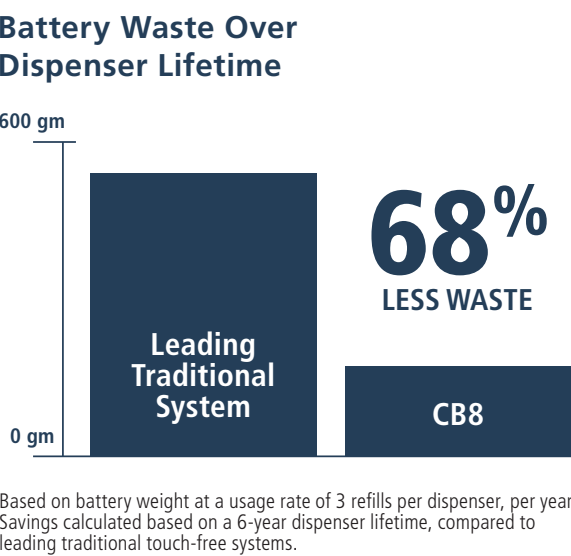

Prime Source® CB8 Dispensing System

When you choose new Prime Source® CB8 foam soap dispensers, you're getting the most advanced technology available in a touch free system. Imagine never having to change out batteries because they are included on every refill!

Built for Sustainable Performance

The Prime Source® CB8 system represents a 68% reduction in battery waste when compared to leading touch-free systems on the market.¹

Breakthrough Energy-on-the-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that's integrated into the refill. When you replace the empty refill, you get fresh product and fresh energy in one simple step. Back-up power inside the dispenser provides added assurance of high performance — even with extreme high-frequency use.

Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble, including removal of the battery.

A Variety of Prime Source® Foam Soap Options

Prime Source® Foam Soap dispensers are available with spa-like formulations that are pleasant to use and feature luxurious lather.

Whether you prefer vivid colors with spa-like fragrances or fragrance and dye-free options, our portfolio of green-certified soaps delights users and supports a healthy environment.
